

"Helping build better communities"©

# CBO Technology Overview

3 day ---18 hours (1.8 CEU's)

Registration 7:30

Class starts 8:00

**Cost 395.00**

**Classes are limited in size**

CEU Approvals ---ICC, SC,TN

**Course Objective:** To give the Building Code Administrator a better understanding of how all the codes work together and when in a crunch situation, which code to use and how to interpret that code situation and section correctly. After this course the administrator will gain a better understanding of how all the codes work together.

**Method of Evaluation:** Through a series of pre and post progress quizzes and reviews, as well as a series of worksheets what will let the inspector see how related tables and sections interact. The instructor will help the inspector better understand how to interpret the code correctly and avoid common mistakes in the field.

**Suggested Pre-requisite:** ICC cert. Combination Residential Inspector, Commercial Building Inspector and Plans Examiner.
