CEU Approvals ---ICC, SC, TN, FL #6809

Course Objective: A common sense approach to doing a residential plan review in a timely manner. We will highlight some of the more common problems and at the end of the class each student will do a residential plan review of a set of plans that will be built in that jurisdiction.

Method of Evaluation: A pre-quiz and review will give the student an understanding of what is required for a residential plan review. Actually doing a set of residential plans that was submitted to the students building department will help build confidence and set a basis which the student can build on.

Suggested Pre-requisite: Residential Building Inspector Class
