"Helping build better communities"©

Residential Plumbing Inspector

2 day ---12 hours (1.2 CEU's)

Registration 7:30
Class starts 8:00

Cost 295.00

Classes are limited in size

CEU Approvals ---ICC, SC, TN, FL Pending

Course Objective: Seasoned Plumbers as well as Building, or Electrical inspectors will feel confident about inspecting plumbing and gas systems after attending this class. Terminology in the plumbing code is everything---- vent stacks or stack vents? Soil Stack or waste stack? With the addition of Residential Sprinklers water line sizing will be difficult

Method of Evaluation: Thru a series of pre and post progress tests and reviews the instructor will help the student better understand how to interpret the code correctly and avoid common mistakes in the field. A workbook, films, and pictures let the student see how related tables and sections interact, and how to incorporate them into inspections and plan reviews.

Suggested Pre-requisite: None

Day 1	Day 2
➢ ***Pre- Quiz and Review***	➢ ***Progress quiz & review***
➢ Plumbing Basics and Terms	➢ Drainage and Sewer Sizing
➢ Fixtures requirement	➢ Drainage and Sewer installations
